

Update on Dining and Activities:

Per Centers for Medicare and Medicaid Services (CMS) guidance, communal dining and all group activities have been canceled.

We are accommodating this by limiting Resident diners to one person per table and maintaining social distancing of 6' apart for diners. Additional dining areas are also available for busy mealtimes. The same protocol is being followed in our staff dining areas.

Small group activities are still taking place honoring the social distancing guidelines, and we are increasing our individualized activities at this time.
